Do we know when WaterGen personnel will be there? I'd be interested in checking out the unit with them.

Talked with Ed Russo this evening and he thought delivery was Friday and that 1 individual from Israel would be coming as well. But he was going to check in with Israel and get details to me tomorrow. Susan can help getting the visitor information as needed. I will email this group as soon as I have more info in the morning.

I understand the AWG equipment will arrive tomorrow along with representatives from WaterGen. Michelle did not recall receiving any visitor forms for them. They must be escorted by a federal employee while onsite. Who has this covered?
